TERMS AND CONDITIONS

1. PURPOSE AND STRUCTURE OF THIS AGREEMENT

This Agreement governs your access and use of the Microsoft Azure Edge Platform Preview Services, and as applicable, the Device(s) that Microsoft makes available to you to use with the Services under the additional terms in **Exhibit B (Pre-Release Device Terms)**. The Services are optional, pre-release

evaluation services offered by Microsoft to select customers and partners to obtain Feedback (defined below) prior to general release. This Agreement does not apply to any other Microsoft products or services, and no other Microsoft agreements or any statements made in the Microsoft Trust Center apply to the Services.

2. DEFINITIONS

Initially capitalized terms used in this Agreement will have the meanings set forth in **Exhibit A (Definitions)** or as otherwise specified in this Agreement.

3. SERVICES

- 3.1.** The Services offer edge device management, AI model development, AI model lifecycle management, and preview use of AI sample models compatible with preview hardware. Such management includes provision of Devices and other Deliverables and may also include processing of Raw Video Data on your premises by Software on a Device within your control.
- 3.2. License for Access and Use of the Services and Devices.** Subject to the terms of this Agreement, Microsoft grants you a non-exclusive, non-transferable, non-sublicensable and limited right during the Term to access and use the Services only through the means we designate and solely for the Purpose(s) described above. Access to the Services requires at least one Device and certain Azure Cloud Services. You may not access or use the Services: in a way prohibited by law, regulation, governmental order or decree; to violate the rights of others; to try to gain unauthorized access to or disrupt any service, device, data, account or network; to spam or distribute malware; in a way that could harm the Services or impair anyone else's use of it; in any application or situation where failure of the Services could lead to the death or serious bodily injury of any person, or to severe physical or environmental damage; or to assist or encourage anyone to do any of the above. Additional licenses for Devices are specified in Exhibit B.
- 3.3. Pre-Release Services and Updates.** The Services are pre-release services that are only available for a limited time. The Services may not work correctly or in the way a commercial version of the Services may function. As pre-release services, the Services may employ less or different privacy and security measures than those typically present in Microsoft commercial offerings. You agree that you will not use the Services to process data subject to heightened compliance requirements or protected health information in the United States. Microsoft may change or suspend the Services at any time. The Services may experience interruptions and extended downtime during which you may not be able to access the Services, features and functionality of the Services, or your Company Data. Updates may be provided throughout the term and such updates may result in the deletion of Company Data or changes to the Services functionality. Due to the pre-release nature of the Services, some or all of the Company Data may be lost. Your Company Data may not be able to be migrated from the Services to any future pre-release or commercial versions of the Services that may be released or other Microsoft products or services.
- 3.4. Azure Cloud Services.** Use of certain aspects of the Services requires access to commercially available Azure Cloud Services, including but not limited to Custom Vision and Azure Portal, and are not included in this Agreement. Your use of the Azure Cloud Services in connection with the

Services is governed separately by the agreement with Microsoft governing your use of the Azure Cloud Services.

4. COMPANY RESPONSIBILITIES

4.1. Company must comply with all laws and regulations applicable to use of the Services and any Devices. Company is solely responsible for determining the appropriateness of using the Services and Devices and for using them in a manner consistent with Company's legal and regulatory obligations. Company represents and agrees that it has all the necessary consents and rights to any Company Data, Company equipment, Company-provided Machine Learning Models, software programs, or services that it uses in connection with the Services, and that such activities do not infringe the intellectual property or other proprietary rights of any third party. You agree to obtain all necessary rights, and comply with all licenses or other terms, from the rightful owner of such Company Data, Company equipment, Company-provided Machine Learning Models, software programs or services that you do not own. You assume all risks associated with using the Services and Devices, including but not limited to risks and costs of program errors, reduced or different security, compliance and privacy commitments, damage to or loss of data, and unavailability or interruption of the Services. In order to use the Services you take responsibility for installing and securing Company equipment and Devices on your premises in a location you select (subject to Exhibit B (Pre-Release Device Terms)) and connecting the Devices to a secure internet connection that you provide and maintain for purposes of using the Services. Microsoft personnel, the Services, or documentation related to the Services may make suggestions about camera placement and optimal Service use. Irrespective of any such suggestions, you bear sole responsibility for:

- 4.1.1. determining the appropriate location and placement of the Company equipment and Devices with video-recording functionality;
- 4.1.2. properly notifying and obtaining consent from persons (including customers and employees) on your premises for the Raw Video Data as required under any applicable laws and regulations; and
- 4.1.3. securing the physical integrity of the Company equipment and Devices, including taking commercially reasonable steps to ensure that the Company equipment and Devices remain in place and without evident tampering.

5. DATA PROCESSING

5.1. Company Data. Company Data that Microsoft processes on Company's behalf may be transferred, stored, and processed in the United States or any other country in which Microsoft, Microsoft's affiliates, or its sub-processors operate. Company appoints Microsoft to perform any such transfer to any such country and to store and process Company Data to provide the Services. To the extent that Microsoft is a processor or subprocessor of Personal Data in connection with the provision of the Services under this Agreement, Microsoft makes for the Services the same data protection commitments that it does for Professional Services in Attachment 1 of the Microsoft Online Services Data Protection Addendum ("**DPA**") (available at <https://aka.ms/DPA>), including the cross-referenced GDPR Terms and subject to the following:

- 5.1.1. References to "Customer" in the DPA are references to "Company" as defined in this Agreement;

- 5.1.2. References to “volume licensing agreement” in the DPA are references to this Agreement;
- 5.1.3. References to “Professional Services” in the DPA are references to the Services under this Agreement;
- 5.1.4. Terms in the DPA applying to the “Online Services” do not apply to the Services;
- 5.1.5. References to “Professional Services Data” are references to Company Data as defined in this Agreement; and
- 5.1.6. The section entitled “Additional Terms for Support Data” does not apply under this Agreement.

For the avoidance of doubt, notwithstanding anything to the contrary in Attachment 1 of the DPA, the terms of the Online Services Terms (OST) and the DPA (other than the above-mentioned terms in Attachment 1) do not apply to the Services or this Agreement.

- 5.2. Use of Company Data.** In addition to the above processing to perform the Services, Microsoft may use Aggregated and Anonymized Company Data, or Anonymous Company Data, and any information (excluding Personal Data) derived from Microsoft’s analysis of the Services, Deliverables, and Company Data to create, enhance, or improve Services, Deliverables, and other Microsoft products and services.

6. SOFTWARE

- 6.1.** If you receive Software from us as part of the Services or installed on any Device provided pursuant this Agreement, your use of that Software is subject to the software license terms presented or otherwise made available for your acceptance for that Software. The Services or Software provided with the Services may contain third-party software components, that unless otherwise disclosed in the Services or portion thereof, are subject to a separate software license. Microsoft is not liable or responsible for any breach or violation by you of third-party terms. If there is no license presented to you or disclosed pursuant to Section 6.2, then we grant you a limited, nonexclusive, nontransferable right to use the Software only as part of the Services or in conjunction with the Devices and only for authorized use of the Services. We reserve all other rights to such Software.
- 6.2.** The Software may include third party programs that are licensed to Company under this Agreement, or under their own terms. License terms, notices, and acknowledgements, if any, for the third-party programs can be viewed at <https://aka.ms/thirdpartynotices>.
- 6.3.** You may not disassemble, decompile, or reverse engineer any Software, except and only to the extent that the foregoing is (a) permitted by applicable law; (b) permitted by licensing terms governing the use of the open-source components that may be included with the Software; or (c) required to debug changes to any libraries licensed under the GNU Lesser General Public License that are included with and linked to by the Software.
- 6.4.** Unless we notify you otherwise, your license to use the Software provided by us as part of the Services or on a Device will end when your right to use the Services ends, and you must promptly uninstall the Software.

- 6.5.** The Software may periodically check for updates and download and install them for you. You agree to receive these automatic updates without any additional notice. Updates may not include or support all existing Software features, services, or peripheral devices.

7. RESERVATION OF RIGHTS

Microsoft reserves all rights not expressly granted in this Agreement. No additional rights will be granted or implied by waiver or estoppel. Microsoft claims no ownership of or control over your Company Data. It is solely your responsibility to protect any rights you may have in Company Data.

8. CONFIDENTIALITY

- 8.1.** Any disclosures, information or documents made or shared between the parties under this Agreement, shall be classified “Confidential Information”, except for Feedback, and subject to the terms of Sections 4 (Company Responsibilities) and 5 (Data Processing) above, and Exhibit B (Pre-Release Device Terms).
- 8.2.** If a separate nondisclosure agreement is in place between Microsoft and Company, such agreement will govern all Confidential Information exchanged between the parties under the Agreement.
- 8.3.** If no such nondisclosure agreement is in effect, the following provisions apply to the parties’ exchange of Confidential Information under the Agreement:
- 8.3.1.** Each party will take reasonable steps to protect the other’s Confidential Information and will use the other party’s Confidential Information only for purposes of the parties’ business relationship. Neither party will disclose that Confidential Information to third parties, except to its Representatives and then only on a need-to-know basis under nondisclosure obligations at least as protective as this Agreement. Each party remains responsible for the use of the Confidential Information by its Representatives and, in the event of discovery of any unauthorized use or disclosure, must promptly notify the other party.
 - 8.3.2.** Each party must not disclose any Confidential Information of the other for five (5) years following the date of initial disclosure; notwithstanding the foregoing, each party must not disclose any Confidential Information of the other that contains Personal Data.
 - 8.3.3.** Notwithstanding the parties’ obligations set forth above, a receiving party may disclose the other party’s Confidential Information if required by a court order or Laws to do so; provided that prior to disclosure, the disclosing party must seek the highest level of protection available and must give the other party reasonable prior notice when possible to allow it to seek a protective order.
 - 8.3.4.** Neither party is required to restrict the work assignments of Representatives who have had access to Confidential Information. Neither party can control the incoming information the other will disclose in the course of working together, or what its Representatives will remember, even without notes or other aids. Neither party will bring a claim under trade secret law, or for breach of this Agreement, to the extent arising out of use of Confidential Information in such Representatives’ unaided memories in the development or deployment of each party’s respective products and services.

8.4. Monitoring. Microsoft and its representatives have the right to monitor Company's public statements and social media communications to verify your compliance with the above requirements, and Company agrees to work with Microsoft to promptly correct any failure to comply with such requirements.

9. NO SUPPORT OBLIGATION

Microsoft has no obligation to provide any support services for the Device or the Services. In the event of an outage or interruption that Microsoft determines may cause risk to the Device or the Services, Microsoft may determine in its sole discretion to suspend the Services. Microsoft may, at its option, provide limited assistance to you in setting up the Services or any Devices, which assistance may include answering questions, visiting your facilities, weekly calls with Microsoft, and undertaking similar activities. ANY SUCH ASSISTANCE IS PROVIDED IS "AS IS", "WITH ALL FAULTS", AND WITHOUT WARRANTY OF ANY KIND. THE SERVICES ARE EXCLUDED FROM ANY COMMITMENTS MICROSOFT MAY MAKE IN ITS SERVICE LEVEL AGREEMENTS.

10. FEEDBACK

Providing "**Feedback**" (suggestions, comments, feedback, ideas, or know-how, in any form) to Microsoft about the Services is voluntary. Microsoft is under no obligation to post or use any Feedback. By providing Feedback to Microsoft, Company (and anyone providing Feedback through Company) irrevocably and perpetually grants to Microsoft and its Affiliates, under all of its (and their) owned or controlled intellectual property rights, a worldwide, non-exclusive, fully paid-up, royalty-free, transferable, sub-licensable right and license to make, use, reproduce, prepare derivative works based upon, distribute, publicly perform, publicly display, transmit, and otherwise commercialize the Feedback (including by combining or interfacing products, services or technologies that depend on or incorporate Feedback with other products, services or technologies of Microsoft or others), without attribution in any way and for any purpose. Company warrants that (a) it will not provide Feedback that is subject to a license requiring Microsoft to license anything to third parties because Microsoft exercises any of the above rights in Feedback provided by or through Company; and (b) it owns or otherwise controls all of the rights to such Feedback and that no such Feedback is subject to any third-party rights (including any personality or publicity rights).

11. EXPORT RESTRICTIONS

The Device, Services, and Deliverables are subject to U.S. and other countries' export jurisdiction. Each party must comply with all applicable international and national laws, including the U.S. Export Administration Regulations, the International Traffic in Arms Regulations, Office of Foreign Assets Control sanctions programs, and end-user, end use and destination restrictions by U.S. and other governments. As a condition of such indemnity, Microsoft shall: (a) notify Company, in writing, of any claims related to Company and permit Company, through mutually acceptable counsel, to answer and defend such claims; and (b) assist Company, at Company's expense, to help defend such claims. Microsoft will have the right to employ separate counsel and participate in the defense of any claim at its own expense. Company will not be responsible for any settlement made without Company's written permission, which permission will not be unreasonably withheld. Company may not settle any claims on Microsoft's behalf without Microsoft's prior written permission, which permission will not be unreasonably withheld. Any settlement terms will be deemed confidential under the NDA.

THE FOREGOING LIMITATIONS APPLY REGARDLESS OF THE LEGAL THEORY UPON WHICH ANY CLAIM FOR SUCH DAMAGES IS BASED, WHETHER THE PARTIES HAD BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES, WHETHER SUCH DAMAGES WERE REASONABLY FORESEEABLE, OR WHETHER APPLICATION OF THE EXCLUSION CAUSES ANY REMEDY TO FAIL OF ITS ESSENTIAL PURPOSE. THIS EXCLUSION WILL NOT APPLY TO EITHER PARTY'S LIABILITY FOR BREACH OF ITS CONFIDENTIALITY OBLIGATIONS, INFRINGEMENT OF THE OTHER PARTY'S INTELLECTUAL PROPERTY OR COMPANY'S OBLIGATIONS UNDER SECTIONS 3.2 (LICENSE FOR ACCESS AND USE OF THE SERVICES AND DEVICES), 4 (COMPANY RESPONSIBILITIES), AND 14 (DEFENSE OF CLAIMS).
